Symbols: Regular bus lines bear numbers from 100 to 149. The travel fee for express buses (numbers starting from 4..) is the same as for travel on regular-line buses. Suburban buses (with numbers from 6..), fast buses (marked with letters) and night buses with numbers from 240 to 259 are more expensive.

TICKET TYPES

SINGLE-RIDE TICKET:

The single-ride ticket entitles you to travel once by one means of transport – by bus or tram on regular and suburban lines or express and night lines. This becomes proof of payment of the travel fee when you validate it in the ticket validator in a given vehicle and remains valid until the person who paid with it exits the vehicle, but no longer than until the vehicle arrives at the final stop for the given direction of the line or the last stop before the arrival at the depot.

SHORT-TERM TICKET:

The short-term ticket is to be validated once and remains valid from the time of validation for: 30 minutes, 60 minutes, 90 minutes, 24 hours, 48 hours, 72 hours or 168 hours. During the validity of the short-term ticket, you may change buses/trams as often as you wish. The time you take to change vehicles counts as travel time.
